

Mom

Date:- 6th February, 2024

Team no :- 8

Client: Mrs.Lalitha Gutha

T.A.: Mr.Akshit Sharma

These are the insights of the client meet on 06/02/24

- 1) The client has been introduced to our website which we have developed using react, html, css from scratch.
- 2) The client expressed dissatisfaction with the GUI's dull appearance.
- 3) The client recommended implementing Bootstrap instead of creating CSS from scratch for improved design.
- 4) The client provided a sample job application form for reference, and suggested how the design should look like.
- 5) Our backend presentation to the client was met with satisfaction.
- 6) Additionally, the client requested the creation of a dashboard following the job application form implementation.
- 7) Client requested for the outlook design of the dashboard by the next week.

Next meet:- 15/2/24
